Rose White
Campus President
United Education Institute
3450 South Maryland Parkway
Las Vegas, Nevada 89169

School #B072812

Dear Ms. White:

At the August 2023 meeting¹, the Accrediting Commission of Career Schools and Colleges (“ACCSC” or “the Commission”) considered the Commission’s previous decision to defer action on the following applications submitted by United Education Institute located in Las Vegas, Nevada:

- Application for Renewal of Accreditation
- Application for Initial Distance Education
- Application for an Unrelated New Non-Degree Program – Electrician Technician (Diploma)

Upon review of the March 17, 2023 deferral letter and the school’s response to that letter, the Commission voted to grant United Education Institute **Renewal of Accreditation** for a period of five (5) years going forward from May 2022.² Additionally, the Commission also determined that the school met the requirements for initial distance education and the addition of a new unrelated non-degree program.

Included with this letter is an ACCSC Approved Program Enclosure as documentation of the school’s approved programs. Although ACCSC accreditation is institutional in nature, all programs offered by the school must be approved by the Commission. United Education Institute will find the Commission’s requirements for the addition of new programs and modifications to existing programs in the *Standards of Accreditation*.

In accordance with this action, the Commission is enclosing a copy of the school’s Certificate of Accreditation. Through the renewal of accreditation, United Education Institute has continued its partnership with other educators who are committed to providing programs of quality and to conducting their affairs with integrity. The Commission is confident that the school will take this responsibility seriously with consideration for the many other ACCSC-accredited institutions that have embraced accreditation as a means to enhance student learning and achieve educational goals.

The Commission expects that the school will adhere to the *Standards of Accreditation* on an on-going basis and as revisions are approved and disseminated. Please consult regularly the ACCSC website for updates, important due dates, initiatives, and special events planned for the benefit of the Commission’s accredited institutions as well as instructions for the preparation and submission of the Annual Report, sustaining fees, and annual audit of the school’s financial statements.

¹ The Commission’s August 2023 action was held in abeyance while the school was part of a system-wide Warning for International Education Corporation. See the Commission’s November 14, 2024 system-wide letter to International Education Corporation.

² The Commission previously granted United Education Institute initial accreditation for two (2) years effective May 2020. Therefore, the school’s accreditation is effective for a period of five (5) years going forward from May 2022.
