

Licensure, Certification, or Registration Programs Preparing Graduates for Licensure, Certification, or Registration

UEI College programs are designed to help ensure you are prepared for licensure, certification, or registration if you choose a program that prepares you for a field where licensure, certification, or registration is required or optional. While, the credential chart below serves as a guide for the State of Arizona, requirements for other states may vary. Students are responsible for confirming eligibility for licensing, certification or registration and discuss any concerns with your Admissions Representative and/or the Director of Education. Students are also responsible for obtaining the most recent application requirements for any state in which they intend to become employed. Although the school assists students/graduates with obtaining licensure, the ultimate responsibility for securing licensure is that of the student/graduate.

UEI College has not made any determination regarding the licensure, certification, or registration requirements for any state other than the state of Arizona in which the institution is located.

Program	Program Requirements	State License & Certification Exam and/or Registration
Dental Assistant	<ul style="list-style-type: none">• Proof of Immunizations may be required.• Recommended Hepatitis B (HBV) vaccination and a tuberculosis (TB) skin test performed before externship	Optional: While not required for employment, graduates may pursue an optional certification Certified Dental Assistant (CDA) certification in the state of Arizona through (DANB) Dental Assisting National Board, Inc.
